Based on the resolution at the Board of Directors meeting held on July 18, 2023, the Company issued 300 class A preferred shares via third-party allotment on September 29, 2023. An increase of 30,000 million yen in share capital and legal capital surplus resulting from the payment completed on the same date were transferred to other capital surplus.

Based on the resolution at the Board of Directors meeting held on November 24, 2023, the Company issued 5,218,000 shares of common stock via public offering on December 11, 2023. The amounts resulting from the payment completed on the same date were recorded at 18,222 million yen each in share capital and legal capital surplus.

As a result, share capital, capital surplus, and treasury shares increased by 18,222 million yen, 18,222 million yen, and 3 million yen, respectively, during the nine months ended December 31, 2023, and totaled 45,218 million yen, 71,833 million yen, and 13,713 million yen, respectively, as of the end of the third quarter ended December 31, 2023.

(Changes in Accounting Policies)

(Application of Accounting Standard for Current Income Taxes)

The Company has applied the "Accounting Standard for Current Income Taxes" (Accounting Standards Board of Japan ("ASBJ") Standard No. 27, October 28, 2022; the "Revised Accounting Standard of 2022") from the beginning of the first quarter ended June 30, 2023.

Previously, calculated amounts of current income taxes on earnings, etc. ("Corporate Taxes, etc.") were recorded in profit or loss in accordance with laws and regulations. Moving forward, Corporate Taxes, etc., on earnings will be recorded in profit or loss, shareholders' equity, or other comprehensive income according to the transaction, etc., from which it occurred. Concerning Corporate Taxes, etc., recorded in accumulated other comprehensive income, when a transaction, etc., is recorded in profit or loss that is the reason for said Corporate Taxes, etc., to be applied, the corresponding amount of tax will be recorded in profit or loss. Additionally, if the transaction, etc., subject to taxation is related to shareholders' equity or other comprehensive income in addition to profit or loss, and it is difficult to calculate the amount of Corporate Taxes, etc., to be applied to shareholders' equity or other comprehensive income, the amount of such taxes will be recorded in profit or loss.

Revisions to categories for recording Corporate Taxes, etc. (taxation on other comprehensive income) conform to the transitional treatment in the proviso of Paragraph 20-3 of the Revised Accounting Standard of 2022. The amount of cumulative effect on the initial fiscal year of application if retrospectively applying the new accounting policy prior to the beginning of the initial fiscal year of application is added or subtracted to retained earnings at the beginning of the initial fiscal year of application, with the corresponding amount added or subtracted to accumulated other comprehensive income.

As a result, for the nine months ended December 31, 2023, "income taxes - current" increased by 644 million yen, "profit attributable to owners of parent" decreased by the same amount, and "foreign currency translation adjustment" in other comprehensive income increased by the same amount. Additionally, for the third quarter ended December 31, 2023, the beginning balance of "retained earnings" increased by 233 million yen, and the beginning balance of "foreign currency translation adjustment" in other comprehensive income decreased by the same amount.

Furthermore, the Company has applied the revised "Guidance on Accounting Standard for Tax Effect Accounting" (ASBJ Guidance No. 28, October 28, 2022) from the beginning of the first quarter ended June 30, 2023, but this has no effect on the consolidated financial statements.
